FINAL SESSION BEFORE PRESENTATION!

Final Presentation

-   final presentation will be on December 2nd

-   Data Science: 10 minute presentation
-   Programming: 5 minute presentation + distribution of game for members of Datum to play.

Codes

- Data Science: zip files with .ipynb + dataset
- Programming: py (or .ipynb) with .exe file of the game
- due december 2nd 11:59pm

- these codes will be uploaded to the datum website & github

DATA SCIENCE FINAL REPORT

Background

Explanation to current world's progress in your topic, and case study on already existing similar projects

Model

Step by step explanation and justification of the code (does not have to include the code itself, but rather the structure).

Limitation

Future areas of study, evaluation of codes, limitation of the code.

You do not have to include a literature review. The tone of the report can be friendly
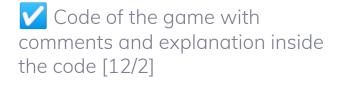

Due December 9th 11:59

Checklist to hand in

Programming

✅ EXE File of the game [12/2]

✅ Code of the game with comments and explanation inside the code [12/2]

Data Science

✅ zip file including ipynb + dataset [12/2]

✅Report [12/9]

Please submit the documents at

datumyonsei@gmail.com

Winter session

Instructions for use

EDIT IN GOOGLE SLIDES

Click on the button under the presentation preview that says **"Use as Google Slides Theme"**.

You will get a copy of this document on your Google Drive and will be able to edit, add or delete slides.

You have to be signed in to your Google account.

EDIT IN POWERPOINT®

Click on the button under the presentation preview that says **"Download as PowerPoint template"**. You will get a .pptx file that you can edit in PowerPoint.

Remember to download and install the fonts used in this presentation (you'll find the links to the font files needed in the Presentation design slide)

More info on how to use this template at www.slidescarnival.com/help-use-presentation-template

This template is free to use under Creative Commons Attribution license. You can keep the Credits slide or mention SlidesCarnival and other resources used in a slide footer.

DATUM

WINTER SESSION

STARTING FROM JANUARY

Datum Winter Session

During this session, we will cover the book, "Data Science for Business"

We will be going through Codility, a coding testing platform and studying it together!

It will be held 7:30PM – 10:30PM
THIS IS NOT MANDATORY
